ROUSING REPUBLICAN MEETING PLANNED FOR CHARLEROI MONDAY

Congressman George E. Foss and Former Congressman Temple to Speak

BUT TWO RALLIES ARRANGED

First One Will be Held at Washington—Chairman Hemphill Sends Out Call for Meeting at Headquarters at Washington.

Next Monday evening a rousing Republican meeting will be held in Charleroi at the Majestic theatre, with former Congressman Henry W. Temple of Washington, a candidate for re-election and Congressman George Edmund Foss of Illinois will be the speakers. Joseph T. Hemphill of Washington, chairman of the Republican county committee with Prothonotary A. V. Lewis and Coroner James T. Heffran, both of whom are seeking re-election was here Wednesday afternoon arranging the meeting and meeting a number of voters.

Preceding the Charleroi meeting one will be held on Monday afternoon at the county seat at which time Dr. Temple and Congressman Foss will both speak. The two meetings are the only ones which will be held in the county during the fall campaign, according to the present plans.

Congressman Foss is one of the older members of the house of representatives and was prior to the present Democratic administration chairman of the Committee on Naval Affairs. Few American statesmen are better acquainted with the needs of the country from a naval standpoint. Mr. Foss has been styled the "father of the new naval program," because he was the first public man to suggest an increase in the naval equipment of the country as a step toward greater national preparedness. Congressman Foss is an eloquent public speaker and is sent in here by the Republican congressional committee. He will discuss the issues of the campaign from a national point of view, as will Mr. Temple.

Accompanying them to Charleroi will be a number of Republican leaders. The hour of the meeting here will be announced later.

Chairman Joseph T. Hemphill has sent out a call for a meeting of the various precinct chairmen to be held in the public meeting room of the court house at 11 o'clock Monday morning for the purpose of outlining the work for the balance of the campaign. After the business session has been completed the committee will reconvene in the town hall in the afternoon at 2 o'clock, when Congressman Foss, Henry W. Temple, nominee for congress in this district and perhaps another well-known speaker will address the committeemen and the citizens of the county.

UNION W. C. T. U. MEETING TO BE HELD FRIDAY AT DONORA

Interesting Program Arranged—Societies of Several Towns to be Represented There.

A union meeting of the W. C. T. U. will be held Friday afternoon at the home of Mrs. W. T. Rabe in Donora. Monongahela, Belle Vernon, Charleroi, Eldora, Monessen and Donora societies will be represented. An interesting program has been arranged and several interesting talks will be given. Mrs. J. H. McClusky will tell of "Her Experience in Carrying a Remonstrance," and Mrs. Stone, of Eldora, will talk on "Why I Should Like to vote."

The program will be in charge of Mrs. Octave Jacqmain of New Eagle, and the address of welcome will be made by Mrs. Will H. Watson of Donora with the response by Mrs. J. L. Luce of Belle Vernon. After the meeting refreshments will be served by the hostess.

MERCHANTS MEET AT COUNTY SEAT

Large Party Goes From Valley to Participate in First Convention

J. D. BERRYMAN ON PROGRAM

A large party of Charleroi and Monongahela merchants are at Washington today attending the first county convention being held there under the auspices of the Washington Board of Trade. The party of local merchants left here at about 7:30 o'clock this morning by a special car, being joined by Monongahela merchants at Monongahela.

Business men from all parts of the county gathered at Washington early in the day. The opening meeting was at 10:30 oclock when G. G. Oliver president of the Board of Trade and Burgess A. P. Morgan of Washington made addresses of welcome. J. D. Berryman of Charleroi responded. One of the features of this morning's session was that of five-minutes reports from organizations from Charleroi, Monongahela, Cannonsburg, and other points. This afternoon's session is being taken up with general discussion of matters of interest to the merchants.

Card of Thanks.

We wish to thank our many friends and neighbors for their kindness during the illness and death of our daughter.

IMPROVED ROAD ALL WAY TO PITTSBURG

Such Will be a Reality Upon Completion of Monongahela-Finleyville Connection---Warrenite Top Now Being Laid

Rapid progress is being made on the Monongahela-Finleyville road by state contractors, and within a comparatively short time it will be opened for traffic. Already autoists have been traveling a part of the road at their own risk in spite of the fact that travel is officially forbidden.

Warrenite, the top covering is now being placed. A ll the base has been in for some time. Within a week perhaps the warrenite covering will all be laid. Several days more will be required for placing the railing and putting on the finishing touches.

Alexander B. Gray of Washington, formerly of Charleroi and district engineer has charge of the work, with Ben B. Weinberger of Monessen as the inspector.

In the construction of the road from Finleyville to Crookham, a small station beyond Monongahela brick was adopted on the grades and warrenite on the level stretches. This was done for the reason that warrenite is smooth for grades in winter weather. There are 10,050 feet of warrenite and 7,818 feet of brick.

The distance between Pittsburg and Monongahela is 22 miles by the Finleyville route, much less than any other from the up-river section. Improved cross-roads connection with other points afford a mode of travel that eventually will be much used in the opinion of autoists and others. With the completion of the road it will be possible for autoists to travel by an improved road all the way to Pittsburg by twice crossing the river first at Monessen, then at Donora and going through Monongahela, Finleyville, Library, Carrick, Mt. Oliver, Knoxville and over the Twenty-Second street bridge into the city.

OPENING OF PORTER'S STORE EVENT OF DAY

Newly Arranged Establishment on Fallowfield Avenue Place of Beauty—Souvenirs Are Given to All Visitors.

Beginning this afternoon and continuing this evening and tomorrow the formal opening of the newly remodeled jewelry store of H. Porter in his new location at 502 Fallowfield avenue will be held. The store, a grand one in every particular, is the result of wise business methods which has characterized the management of Mr. Porter's establishment since he opened his store here five or six years ago, previous to that time he was located at Monessen.

Approaching the new Fallowfield avenue store one's attention is first drawn to the large clock which stands on a tall pedestal directly in front of the store. Then the splendidly decorated windows, containing their attractive display of what is the best and latest in jewelry, claim attention. The window to the left of the entrance is given over to the display of such articles as rings and other small pieces of jewelry. To the right the window space is given to the show of the newest designs in china, cut glass and silverware. In a third window is exhibited a new line of silverware. Excellent taste is shown in the arrangement of the different articles. Cut flowers are used effectively.

Palms, ferns and baskets of chrysanthemums, placed with an eye to the artistic, enhance the appearance of the interior of the store and make beautiful the corners. In the spacious wall cases of plate glass and mahogany are displayed cut glass, china, silver, ivory and novelties. The floor cases are plate glass with marble bases and in these are shown all kinds of jewelry novelties, silver

J. V. THOMPSON AGAIN MEETING CAPITALISTS

Uniontown Financier Making Final Desperate Effort to Straighten Out His Financial Interests—Now In New York City.

Attorneys of Fayette, Greene, Somerset and Allegheny counties at a meeting at Uniontown Wednesday night for the purpose of taking under consideration the course to pursue in the matter of the prospective action on the part of unsecured creditors of J. V. Thompson, regarding the entering of suits on their claims, took no decisive action.

But it was understood that no action will be taken against Mr. Thompson.

Mr. Thompson is now in New York conferring with financiers in a last desperate effort to secure funds to straighten out his tangled financial interests.

The first meeting of the attorneys was held Wednesday morning in the court house. Only members of the Fayette county bar were permitted to attend this session and what transpired was not made public. At the meeting Wednesday evening between 50 and 60 attorneys and a few of their clients were present, representatives of Mr. Thompson's out-of-town creditors being allowed to attend.

JAMES D. CAMPSEY DIES AT HOME IN CLAYSVILLE

After an illness of 17 days, James D. Campsey, 77 years-old, one of the leading citizens of Claysville and well known throughout Washington county died in his home Wednesday. The funeral services will be held from his late home at 2 p. m. Friday. The services will be in charge of Rev. Dr. Alexander MacLachlan, pastor of the Claysville United Presbyterian church of which Mr. Campsey was a member. The interment will be private at a later hour. Mr. Campsey was a well known stock raiser.

NEED OF ADDITIONAL MEN AT MINES; MILLS ARE KEPT BUSY

Industries of Valley Running to Capacity and Boom is at Hand

FIRST HEAT AT ZINC PLANT

However, Donora Mill is Not Yet Completed—Many Men Brought to Valley by Business Improvement—Up-River Coal Trade Good.

The actual need of additional men in the mines of the Monongahela valley is reported generally. With the resumption of the Coal Bluff mine a short distance north of Monongahela Wednesday, the need has become all the more pronounced. There is a boom of no small proportions now under way.

Both up and down river the report is the same. Practically every coal mine is in operation. The Coal Bluff mine, which is owned by the Pittsburg Coal company resumed operations with 250 men and the capacity will be increased as miners are available until 300 or more are employed. The Coal Bluff mine thus is ending a suspension lasting a year, the shut down being due to poor business.

Along the Pigeon Creek valley it was this morning ascertained there is a demand at various mines for from 50 to 100 additional men. At the Dunkirk and Hazelkirk No. 1 and 2 mines 50 more miners could be given jobs at once, while at the Monongah mine across the river from Monongahela 100 are needed. The Pittsburg- Westmoreland Coal company with a pay next Wednesday will disburse the total sum of $150,000.

In the Brownsville neighborhood coal mines and coke plants are operating to about capacity. Railroads are being kept busy and shipments are heavy. The river coal trade is unusually good a fact evidenced by the September shipments reported at Lock No. 4. The trade during that month was better than for any September in recent years if not in history. The August record was especially good.

Conditions at the mills are similar to those of the mines. Glass factories locally are operating steadily, as well as the shovel plant. Construction is being carried on at the same time and new buildings being added. The building line is holding its own. In the steel trade at the huge steel mills of the valley this best business in years is reported. At Monessen and Donora, where immense plants are located, there has been a steady growth of business. The work of building the large zinc plant of the United States Steel corporation at Donora is progressing rapidly. About 2,000 men have come to Donora and every one of them given work. The first fires at the new zinc plant were started within the last day or two, but this does not mean immediate manufacture. Probably the plant will not be in shape for operation for several weeks.

IS ARRESTED NEAR WHEELING CHARGED WITH STEALING HORSE

John York Lodged in County Jail in This County for Theft of Claysville Man's Mare.

John York, colored, was arrested near Wheeling Wednesday charged with the stealing of a fine black mare from the farm of S. B. Jenkins near the Pike crossing, west of Claysville, Monday. A set of harness was also taken from the McClelland stable and a buggy was taken from the rear of the Montgomery home in Claysville. York was identified by men who had seen him while working on the road near Claysville and the horse was identified as the one belonging to Jenkins.

Deputy Sheriffs Graner and Frohme took up the chase in West Virginia and found their quarry asleep on a pile of straw in the rear of a livery stable on the Island, Wheeling. York was taken to the county jail in Washington Wednesday night.

FOG BLAMED FOR UP-RIVER WRECK

Three Cars Are Knocked From Track When Train Is Sideswiped

DELAY OF TRAFFIC CAUSED

Dense fog is blamed for a wreck on the Monongahela division, P. R. R. at Dunlevy this morning. Three cars were hurled from the track and from their trucks and the track was damaged for a short ways.

A train was entering one of the main tracks from a siding when a northbound train approached. The fog prevented the engineer of the oncoming train from distinguishing the signals of the flagman, so that he did not stop until his train had sideswiped the three cars, hurtling them from the track.

The wreck occurred at about 7:45 and it took until about 11 o'clock to clear the tracks.

HAVE A CARE, GUNNER.

The hunting season was scarcely opened when one man in this state, mistaken for a deer, was shot down, and another, mistaken by an eager hunter for wild turkey, had half his head blown off. There is no place where greater caution is needed than in the handling of firearms. Especially is this the case where the game is in sight and a shot about to be tried, says the Washington Reporter. At all times, save when the game is, or is expected, in sight, the hammer of the gun should be kept down; at least the weapon should be carried with the end of the barrels directed toward the ground so that an accidental discharge can do no harm. In climbing fences and in passing through thickets, extreme care should be exercised. The location of others in your own party and the possible presence of other gunners should always make one have a care before drawing aim and pulling the trigger. A man is likely to feel peeved if a few shots are distributed through his anatomy; and besides the mothers of this region did not "raise" their boys to be targets for nimrods. Keep cool and use common sense and there will be no gunning accidents charged up against you.

REAL PROSPERITY.

That prosperity which comes from a billion bushel wheat crop and a corn harvest greater than any except one in the country's history is of a better quality and more enduring benefit than any boom of stocks, however feverish it may be and however many spectacular winnings it may record, says the New York Sun. From the farm to the consumer the cereals contribute to the material well being of every man, whatever his place in the economic scale, substantially bettering the condition of transportation companies, merchants, laborers and all the intricate social system that is dependent on them.

The American farmer has produced more wheat by 111,000,000 bushels than the previous high mark. Corn falls 99,000,000 bushels below its own record, made in 1912, but the amount is greater than that gathered in any other year. On this firm foundation business will base itself solidly, given decent immunity from political assaults, if permitted to develop without the injudicious fostering of demagogues and bumptious tinkers with the natural order of affairs.

The rural plutocrat is the farmer: he deserves his profits; and if congress and the legislatures will stop meddling with the farmers' elaborate machinery of collection, all will be well with him and his.

The defeat of woman suffrage in New Jersey may be taken in some sense as an indication of what might happen in Pennsylvania. New Jersey is but once removed from Pennsylvania, let it be remembered, and generally the trend of thought there will be found pretty much similar to that in a goodly portion of Pennsylvania. It is impossible to state how strong the suffrage movement is in the eastern end of this state, nor for that matter just how much sentiment there is in its favor in the western end. There will be admittedly a closer fight than there was in New Jersey, but in the light of today's knowledge it would not be wise for either side to make very definite claims.

To attract those who now do a fair proportion of their buying away from the county, merchants and board of trade men must offer something worth while in the way of inducements. Time taken up talking over the situation, or as is the disgusting custom in some localities, with plain "knocking" is worse than nothing at all. The natural tendency of people is to buy where they can get the most for their money, and if out-of-town merchants can convince them through judicious advertising and plenty of it, that the greatest bargains are to be obtained out-of-town, it isn't the least bit puzzling to know where they will buy. But if the county merchants can instill within their home people the feeling of absolute confidence that is necessary, and convince them of the benefit to be derived from buying in the county of course the buying will be done here. And to do these things takes deep thinking, and up-to-the-minute methods.

PICKED UP IN PASSING

Abraham Lincoln was once talking about food for the army. From that the conversation changed to the study of the Latin language.

"I studied Latin once," said Mr. Lincoln.

"Were you interested in it?" asked Mr. Seward.

"Well, yes. I saw some curious things."

"What?" asked Mr. Seward.

"Well, there's the word hominy which we have just ordered for the troops. I see how the word originated. I see it came from the Latin word homo—a man. When we decline homo, it is:

Homo—a man.
Hominis—of man.
Homoni—for man.

So you see, hominy being "for man," comes from the Latin.

The apothecary told about in an exchange was urbanely dispensing a postal card to a "flapper" when an Amazonian negress in a calico wrapper of morning glory pattern entered and bulked herself against the counter.

"I wants a 'description' filled foh half a dozen five-ounce quinine pills," she announced.

"Why, woman that pill would paralyze an ox; what's the matter with you?" asked the astonished chemist.

"Nothin' de matter wif me," she answered. "It's foh mah daughter, and she's some heft. Gladys, she takes aftah me. Mah husband's bench-kneed and insignificant."

"But quinine comes in grains, not ounces."

"Well," was the scornful rejoinder, "it's jest another mistake of dat fool yarb doctor. Last yeah when she had only a misery in her stomach he got her to swallow a spoonful of birdshot; said her lights was riz and she had to weight 'em down."

Stomach Trouble Quickly Cured.

People go on suffering from little stomach troubles for years, and imagine they have a serious disease. They over-eat or over-drink and force on the stomach a lot of extra work, but they never think that the stomach needs extra help to do the extra work.

If these people would take Tonoline Tablets regularly they would be a great big help to the stomach in its strain of over-work. No matter what you eat or drink Tonoline Tablets sweeten your sour stomach and stop gas belching in five minutes. The heaviness disappears, and the stomach is greatly aided in its work of digestion.

Tonoline Tablets not only promptly relieves all distress, but if taken regularly will absolutely cure indigestion by building up the flabby, overworked walls of the stomach and make them strong enough to digest the most hearty meal.

Go to your druggist and get a $1.00 box of Tonoline Tablets and you will always go to the table with a hearty appetite, and what you eat will taste good, because your stomach and intestines will be clean and fresh, and you will know there are not going to be any more bad nights and miserable days for you. Tonoline tabs freshen you and make you feel like life is worth living.

Tonoline Tablets cost $1.00 for a 15 days' treatment. Mailed by American Proprietary Co., Boston, Mass.

NOW

Is The Time To Buy

Autumn Styles and How To Make Use of Them

Everything New, Bright, Clean. It is time to start all over for Fall and Winter.

IT IS THE TIME TO BUY! The styles are so very becoming and the qualities better than you could expect---and increasing cost of Wools and Dyes will soon cause decided advances.

BUY NOW. Here are some of the reasons:

"Now is the time to put money into circulation."
"Now is the time to keep the mines working and the factories going."
"Now is the time to keep the workman busy."
"Now is the time to keep wages buying necessities for the family."
"Now is the time to dress up, look your best."
"It is the time to stop complaining."
"To look up, not down." "To help one another."
"To make miserable people happy."

Now let us begin with our homes:---let us make them cheerful. Let us fix them up as well as we can. Replace the worn out curtains and draperies. Have that new rug or carpet put down right now, your money will go farther. Let us tell you what the awful war is doing to prices for later delivery. Possibly you need new Blankets and new Comfortables and surely these splendid values will appeal to you. There are so many needful for the home and its Underwear Time for the whole family.

Let us continue our talk to Wearables---Do you need a suit? or are you buying a Winter Coat? The new suits with the Box Coats, fur trimmed and others with the ripple effect and many braid trimmed with decidedly nice skirts to match will appeal to you. We've such a nice lot of them in Brown, Black, Blue and Mixtures.

Many of these are snappy styles for Junior or Miss and again the prices range to suit your purse $10, $15, $16.50, $18.50, $20, $25, $30 and $35.

The Coats for Children and Misses will appeal to you---so new, so neat, so pretty, cut on new lines mostly with the high collars that can be adjusted and worn low. You can have dress-up day in your home and you won't need to spend a lot of money, for we've bought for you many handsome Cloaks for little money but we do say "do it now." Now is the time. Bring the children, for we've prepared for the little fellows just as carefully as the big.

Have you ever looked over our line of Clothing; we mean our suits for men, young men and boys? Do you realize that we have almost one thousand suits of all ages, a wonderful collection of clothing, and it is the real kind--the well selected, carefully bought merchandise that this store stands back of. And, friends, do you know that we've been here almost twenty years, and we have built our reputation on quality. We're a one price store, you can't pay too much here--always your money's worth. It is a common saying: "If you want it good get it at Berryman's."

We are showing a complete line of furnishings for men and boys, for women and girls. The buying has started in earnest. We have the goods--dependable--new. Now is the time to buy. We want to sell the lady and miss that new suit or coat, we want to sell the man or boy that new suit or overcoat--and you want to buy. We'll do our part--let's circulate the money--it may help the other fellow. We have written this long talk as an advertisement, but we mean every word of it. Come in--we invite you most courteously.
